

SUN-CHLORELLA®

NPN 80026999
 NPN 80113093

Sun Chlorella® is a single-celled, freshwater green algae that helps to support every cell in your body.

Sun Chlorella® is a true superfood packed with over 20 different naturally occurring vitamins and minerals, antioxidants, Chlorella Growth Factor (CGF), and more chlorophyll per serving than alfalfa or wheat grass.

Millions of people take Sun Chlorella® every day for its remarkable power to help:

- Aid in your natural digestion and elimination process*
- Support your immune system*
- Rejuvenate the body at the cellular level*
- Maintain healthy cholesterol and blood sugar levels*
- Provide more energy*
- Joint and muscle health*
- Provide a good source of Active Vitamin B₁₂*

Sun Chlorella® uses the species of chlorella, *Auxenochlorella pyrenoidosa* (formerly *Chlorella pyrenoidosa*). Each chlorella cell wall has been pulverized using DYNO-Mill™ technology to pulverize chlorella's tough outer cell wall using only pressure and speed while preserving the integrity of the nutrients inside. This method is a timeless technology still unmatched by any other, which ensures the highest absorption and digestion possible because the cell wall is 90% pulverized, not merely broken or cracked. We offer maximum digestibility versus other chlorella brands, making Sun Chlorella® the most digestible chlorella on the market.

Sun Chlorella®
